Day 2 | WINTER FISHING, SNOWMOBILING AND REINDEER

Winter Fishing Trip

Start your day with a snowmobile safari across the frozen Lake Inari, also known as the Sami sea. Driving on snowmobile through the frozen landscape of Inari, our guide will lead you to the best spots for drilling hole in the ice. You will try your luck and if you don't catch anything, you will get a second chance by checking our nets on the way back! During the trip, you will have a soup lunch by the fire.

Duration 4 hours

Siida Sami Museum

In the afternoon, you can have a walk in the village along the Juutua River or visit the Sami Museum.

The Siida Sami Museum gives you all the information about Lapland's indigenous people, their history and culture. It has also exhibitions of the Lappish nature and the mythical Northern Lights.

The museum is open Tue-Sun from 10am to 5pm.

Northern Lights Search with Reindeer

In the evening you will meet an important element of the Sami culture and one of Lapland's Symbols: the reindeer. They will lead you on a magical ride into the snowy forest and hopefully under a northern lights sky.

Duration 2 hour incl. transfers.

Day 3 | HUSKIES AND SNOWSHOEING

Husky Safari

In the morning, we drive you to the husky farm for your next adventure!

After a few instructions, our musher makes your husky team ready for the ride. By dog sledding, you get a totally different approach of the wilderness, its beauty and silence.

Duration 3 hours incl. transfers

Arctic Night Snowshoe hike

Snowshoeing is probably the most peaceful way to go in search of the dancing auroras. You will hike with your guide into the quiet darkness of the forest. If you are lucky, the feeling of witnessing the magical lights when you're surrounded by nature is one that will stay with you forever.

And if the hiking doesn't keep you warm, some hot juice will.
