

AUTUMN AURORA OFFER 2023

4 DAYS / 3 NIGHTS

Day 1 | ARRIVAL & AURORA INFO

Arrival to Ivalo airport and transfer to Inari village, approx. 45 min. Check in and half board dinner in Hotel Inari.

Before or after dinner learn more about the Northern Lights. Our guide will present you beautiful pictures of the Aurora and you will learn why Northern Lights appear.

You will get to know which sites to use for aurora forecasts and get hints about the camera settings for Aurora photographing.

Day 2 | SAMI CULTURE, HUSKY FARM VISIT AND AURORA CAMP

Inari village is the center of Sámi culture in Finland. The best introduction to the history of the Sámi people and their way of life is by visiting the fascinating Sámi Museum and Nature Centre Siida. The museum has exhibitions on reindeer herding, Sámi handicrafts, Sámi traditions and arctic nature. After the museum visit you can walk along the nature paths surrounding Inari village. The colors of Autumn are at their best in the month of September and the nearby trails offer a variety of charming views.

Before or after the museum, you will pay a visit to our husky farm. At the husky farm you will meet arctic sled dogs. Every dog has a special story, which the musher will be happy to share with you. After the visit, we will take you back to your accommodation in Inari.

In the evening an easy evening walk is the most peaceful ways to go in search of the dancing auroras. Our guide will hike with you through the quiet darkness of the forest to a location perfect for observing the Auroras. Hot beverage and a picnic snack by the blazing campfire will quickly warm you up.

Day 3 | AUTUMN OUTDOORS & NORTHERN LIGHTS SEARCH ON LAKE INARI

Our guide will take you to the hiking paths near Inari village. The route is relatively easy and during the hike our guide will tell you about the surrounding nature. During September, we can also pick berries and mushrooms along the way. A picnic snack by the blazing campfire is included in the tour.

In the late evening after your dinner, you will board on a cruise on the mythical Lake Inari. If the sky stays clear you will have the best possibilities in experiencing the Auroras in a unique place where there is no light pollution and a clear view of the sky. Even the stars feel closer when there is only the wilderness lake surrounding you.

Day 4 | DEPARTURE

It's time to say goodbye to Inari. We hope you had an unforgettable stay. After breakfast you will be transferred to the airport.
