

HIGHLIGHTS OF INARI 2024-2025

8 DAYS / 7 NIGHTS

Day 1 | ARRIVAL & AURORA INFO

Transfer from Ivalo airport to Inari Village which will take ca. 1 hour. Upon check-in you'll receive itinerary and all vouchers for your stay.

Before or after dinner learn more about the Northern Lights. Our guide will present you beautiful pictures of the Aurora. You will learn why Northern Lights appear. You will also learn which sites to use for aurora forecasts and learn a bit about the camera settings for Aurora photographing. Duration ca.1h

Day 2 | WINTER FISHING

Winter Fishing Trip

Start your day with a snowmobile safari across the frozen Lake Inari, also known as the Sami sea. Driving on snowmobile through the frozen landscape of Inari, our guide will lead you to the best spots for drilling hole in the ice. You will try your luck and if you don't catch anything, you will get a second chance by checking our nets on the way back! During the trip, you will have a soup lunch by the fire. Duration 4 hours

Day 3 | HUSKIES AND SNOWSHOEING

Husky Safari

In the morning, we drive you to the husky farm for your next adventure! After a few instructions, our musher makes your husky team ready for the ride. By dog sledding, you get a totally different approach of the wilderness, its beauty and silence. Duration 3 hours

Arctic Night Snowshoe hike

Snowshoeing is probably the most peaceful way to go in search of the dancing auroras. You will hike with your guide in to the quiet darkness of the forest. If you are lucky, the feeling of witnessing the magical lights when you're surrounded by nature is one that will stay with you forever. And if the hiking doesn't keep you warm, some hot juice will. Duration 3 hours

Day 4 | FREE DAY

During the day you can borrow our snowshoes or cross-country skis and explore Inari independently or ask our safari office for additional activities. Or perhaps you want to spend time exploring Siida Sámi Museum and Nature Centre?

Siida Sami Museum

The Siida Sami Museum gives you all the information about Lapland's indigenous people, their history and culture. It has also exhibitions of the Lappish nature and the mythical Northern Lights.

In Siida there is also Café Sarrit if you want to have a lunch or coffee break.

The museum is open Mon-Sat from 10am to 4pm.

Day 5 | CROSS COUNTRY SKIING AND AURORA HUNTING BY CAR

Cross Country Ski school

Before roads, cars and snowmobiles the only way to get around in Lapland in winter was on skis and sleighs! Learn to get around like the locals and experience the freedom of cross-country skiing. Your guide will teach you the basics of using skis in a safe environment before you go out on your own!

Duration 2 hours

Aurora Hunting by Car

When hunting for those unpredictable Northern Lights, it helps to be able to travel bigger distances in search of clear skies on cloudy days. Our guide checks the forecast to see which direction the clouds are moving in and knows the places where it is safe to stop and check the sky.

Our four-hour aurora hunting by car has the biggest probability to see the northern lights, since our location gives possibility to choose from five different direction to chase after the aurora.

Duration 4 hours

Day 6 | REINDEER

Northern Lights Search with Reindeer

In the evening you will meet an important element of the Sami culture and one of Lapland's Symbols: the reindeer. They will lead you on a magical ride into the snowy forest and hopefully under a northern lights sky.

Duration 2 hours

Day 7 | FREE DAY

Free day. How about an independent walk by river Juutua and sauna after the walk? Such a nice plan if you would like to spend time outside.

Or maybe you want to rent and relax in our Aurora sauna & Hot spring combination at Holiday Village Inari by the shoreline of Lake Inari? Ask more from our staff.

Day 8 | DEPARTURE

Time to leave the real Heart of Lapland, but you can keep a piece of it in your heart! Check-out and return transfer to Ivalo airport.

Duration of your transfer approx. 1 hour
